A MINISTRY OF ST. JAMES AND CALVARY LUTHEAN CHURCH

COLLEGE MISSION TRIPS; THEY JUST ROCK!

There is something about College Mission Trips that make them very special. The first College Mission Trip kicked off in 2011 when Colin Barrier, Christian Harmon, Christian Poulos and Audrey Remkus (now Benson) traveled to Sautee, Georgia for four days of serving, and what an amazing trip it was. Long days of hard work, God Time shared and a good night's sleep so that we could do it again the next day. Fantastic memories were created and are still talked about today, some of them with tears running down our cheeks from laughing so hard. There are unforgettable and great memories that will last a lifetime. That was the first College Mission Trip.

There have been a great number of those trips over the years and all of them have accomplished the goals set. When you sign up for a College Mission Trip, you understand that you are signing up to make a difference to someone somewhere. College folks are different from Middle and High School students in that they have grown, they have seen and they have experienced the im-

portance of being the hands, feet and face of Jesus. Once they commit to participate in the College Mission Trip, you know they will be there, packed and ready to go. They, on that first travel day, are always ready to go into the unknown. The unknown of what they will be doing work wise, when we arrive at our destination. It doesn't matter, they are dedicated to serve others, to make a difference to someone and to have fun doing it.

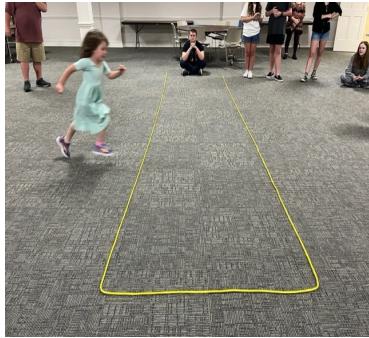

Every trip has been different, the tasks have always been new and sometimes an adventure. We have cleaned, pruned, cut down trees, repaired a dock and decks, pressure washed, have torn down the old and built new, painted, ran a wood chipper, moved rock and railroad ties, organized and scraped old paint and concrete. We have pretty much become doers of all except electricity. We don't do electricity.

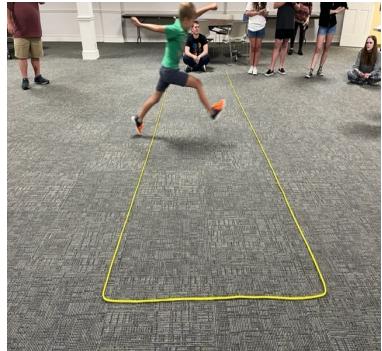

One might say that what the College Ministry does on mission trips is a good thing, and it is. But there is more to it. You see, during the school year, these guys get together on Wednesday evenings for College Online. To help make this happen, we gather starting at 9:30pm. That's late for a normal gathering time but just right for college students. We share in a short devotional, check in to make sure all is well and talk about any concerns. (They even invite their friends and roommates to join in.) But, the most important thing is that we stay connected. We stay connected while traveling through the exams and projects that become Mountain Top Highs or even when those projects and exams might become a Valley Low. We stay connected as the church during a time that is historically seen as being a time of disconnect from the church but that's not totally true, the College Ministry is here, is active and we celebrate the continued connection because they are the church.

PARENT'S NIGHT OUT WAS A SUCCESS!

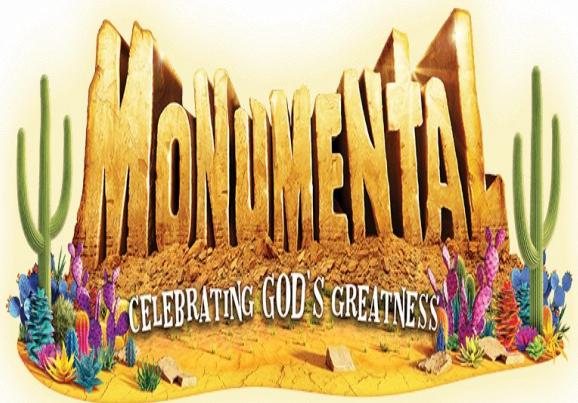

What a great time we had with 20 young people joining in on the second Parent's Night Out. We all had a ball. Games, God time, Pizza, popcorn and a movie. We are already looking forward to our next Parent's Night Out! In the meantime, our next big adventure will be VBS! Hope to see you then! Thank you to all of the Youth and Adults that helped make this event a huge success!
