Anne Arundel Community College

At Anne Arundel Community College (AACC), we believe you have the chance to redefine yourself at any age and at any point in your life. That’s why there’s something for everyone here! When it comes to academics, our programs are innovative and award-winning. In fact, AACC has won numerous national, regional and state awards that put us on par with, or above, many four-

year colleges. Our associate degrees and credit certificates prepare students for transfer to a four-year institution or to move into an immediate career.

Looking for a new or expanded career? If you're seeking career training, working to boost basic skills or pursuing new areas of interest, AACC offers noncredit professional training to meet your needs. Last, but certainly not least, AACC provides extensive lifelong learning opportunities for all ages. From fitness to local history to the coolest kid summer camps, we have courses that will expand your mind and fuel your soul.

Mission: With learning as its central mission, Anne Arundel Community College responds to the needs of our diverse community by offering high quality, affordable, accessible and innovative lifelong learning opportunities.

Vision: Anne Arundel Community College is a premier learning community that transforms lives to create an engaged and inclusive society.

Values: Community and Relationships, Opportunity, Positivity, Innovation and Creativity, Equity and Inclusion

Philosophy: Anne Arundel Community College strives to embody the basic convictions of our country's democratic ideal: that individuals be given full opportunity to discover and develop their talents and interests; to pursue their unique potentials; and to achieve an intellectually, culturally and economically satisfying relationship with society.

Library of Congress

The Library of Congress is the largest library in the world, with millions of books, films and video, audio recordings, photographs, newspapers, maps and manuscripts in its collections. The Library is the main research arm of the U.S. Congress and the home of the U.S. Copyright Office.

The Library preserves and provides access to a rich, diverse and enduring source of knowledge to inform, inspire and engage you in your intellectual and creative endeavors. Whether you are new to the Library of Congress or an experienced researcher, we have a world-class staff ready to assist you online and in person.

The Library of Congress occupies three buildings on Capitol Hill. The Thomas Jefferson Building (1897) is the original separate Library of Congress building. (The Library began in 1800 inside the U.S. Capitol.) The John Adams Building was built in 1938 and the James Madison Memorial Building was completed in 1981. Other facilities include the High Density Storage Facility (2002) at Fort Meade, Md., and the Packard Campus for Audio Visual Conservation (2007) in Culpeper, Va.

The Library of Congress offers exceptional opportunities to perform meaningful and unique work in a collaborative environment, one that values personal growth and achievement. The Library's reach is wide: preserving and disseminating materials that are the essence of American culture and knowledge; supporting and informing lawmakers; and protecting intellectual property domestically and internationally.

Martin Marietta

A member of the S&P 500 Index, Martin Marietta is an American-based company and a leading supplier of building materials - including aggregates, cement, ready mixed concrete and asphalt. Through a network of operations spanning 30 states, Canada and the Bahamas, dedicated Martin Marietta teams supply the resources necessary for building the solid foundations on which our communities thrive. Martin Marietta's Magnesia Specialties business produces high-purity magnesia and dolomitic lime products used worldwide in environmental, industrial, agricultural and specialty applications.

Our mission statement explains our company's reason for existence. It describes who we are and what we do. It supports our vision and communicates our purpose and direction to all of our shareholders.

As a leading provider of natural resource-based building materials, Martin Marietta provides the foundation upon which our communities improve and grow.

Our vision statement describes our company as it would appear in a future state. It drives our company's decisions and goals and challenges and inspires our employees.

Our goal is to build a world-class organization committed to the long-term success of our employees, communities, and other shareholders.

Our values describe our beliefs and behaviors. They guide our decision-making and establish standards upon which we can assess our actions. They create a moral compass in our business dealings for both the company and its employees. We live these values to reflect and sustain a culture where employees know that they belong and all are encouraged to show up fully engaged, which strengthens our company and communities.

NASA

Since its founding in 1958, NASA has pushed the boundaries of scientific and technical limits to explore the unknown for all the citizens of our planet. Discover the history of our human spaceflight, science, technology, and aeronautics programs.

Mission: NASA explores the unknown in air and space, innovates for the benefit of humanity, and inspires the world through discovery.

Core Values: We share a set of core values—safety, integrity, teamwork, excellence, inclusion—and they are evident in all that we do.

The key to our success is our people. Our more than 18,000 professionals come from many diverse backgrounds, but are united by a common purpose. In addition to our core values, our NASA team embodies a few shared characteristics that are integral to our success:

- Curiosity: We're continually asking questions and seeking answers.
- Team-oriented: We come together as one to solve complex issues. Innovation is a staple, teamwork is a must and everyone's opinion counts.
- Excellence: We're continuously striving to be better and know more. We pursue excellence in both the ordinary and the extraordinary.
- Passion for Exploration: We are constantly embarking on a range of adventures to better understand our planet, the solar system and beyond.
- Agility: We are comfortable and flexible working in ambiguous environments. We embrace change and are ready to grow and adapt to what the future may bring.
- Resilience: When we put our minds to something—we don't give up.

Virginia State University

Virginia State University, an HBCU founded in 1882, is one of Virginia's two land-grant institutions and is located 20 minutes south of Richmond in the village of Ettrick.

With a current student population of approximately 4,000, the University sits atop a rolling landscape overlooking the Appomattox River with expansive views of Petersburg. Our 231-acre campus boasts 11 residence halls, 18 academic buildings and a 412-acre agriculture research facility.

We offer 13 master's degree programs, two doctoral degree programs, and three graduate certificate programs.
