MRV Hub MOU\* Progress

The project's program of outreach and MRV assessment scoping visits to member countries continues to advance as planned. We are happy to report that nine out of our twelve member countries have executed MOU's with The MRV Hub with the remaining three in various stages of development and review.

The nine countries with fully executed MOU's are Antigua & Barbuda, The Bahamas, Barbados, Belize, Guyana, Jamaica, Saint Lucia, St. Kitts and Nevis and St. Vincent & the Grenadines. We congratulate our team and our committed country representatives for this achievement.

Please let us know how the MOU process is going in your country. We are ready to assist should you need any help in getting through the review process. Our aim is to have all the MOUs fully executed by the end of 2019.
