

November 5, 2019

Dear Upper School Families,

We are excited for Ms. Frank's Juniors and Sophomores, who will be enjoying a field trip tomorrow to the Kimbell Art Museum. I want to thank the teachers and parents who are helping to chaperone this event. It has always been a great destination for our young scholars to reflect upon the beauty of the artistic tradition.

As you know, a communication recently went home informing families about the decision to bring sixth grade to the Upper School Campus next year. We are excited about this decision and are looking forward to welcoming them in the Fall. I hope to see some of you at the upcoming Town Hall meetings. Remember that you can join us via Facebook Live for the second Town Hall on November 7.

As the weather turns funny on us heading into Winter, please remember to keep visors ready in your cars. When it rains, we switch to a different dismissal protocol which depends upon teachers being able to call your students' names via radio. Please include Last Name and Grade/Section on a visor on your dashboard when we have a rainy afternoon.

Warm regards,

Philip Althage  
Headmaster, Upper School
