

Flamingo Flocking

Flocking Season is Upon us...

This just in.. We have confirmed reports that flocks of pink flamingos will soon be landing on the lawns of unsuspecting area residents and businesses. These three feet tall, plastic pink flamingos travel in flocks and they love getting the chance to rest in beautiful yards throughout our area.

Now, for the first time ever, Life Care Center of Osawatomie, has made arrangements with these flamingos to have them stop in a yard near you.

Have you ever wanted to celebrate an engagement, a new baby, a new house, in a way your friends will never forget? Are you tired of the same old celebrations? Or are you just game for a good, old-fashioned prank? This is your Chance!!!

ORDER A FLOCKING!!! TODAY!!!!

Here's how it works! Place an order for a flock of flamingos to be sent to the yard of your choice. Lifecare will covertly arrive with your shipment of flamingos. The flock will be picked up by specially trained flamingo wranglers for a reasonable suggested donation of \$ 25.00 or more if you feel inclined. The "Flockee" will then have the opportunity to pass along directions for the flock's next migration location.

Flamingo Protection Insurance is also available to guarantee that your home or business will be spared them embarrassment of blushing in various shades of pink! Insurance is \$15.00

TO ORDER: Fill out order form and make payment to Life Care Center of Osawatomie or email
