

How Do I Register My Forewarn Account?

Step #1: Check your profile on the Member Profile to confirm it contains a correct email address and a cell phone number. If you make any changes, be sure to click the Update button and allow 60 minutes for the information to update across all the various products provided by Maine Listings.

Need help finding your Member Profile? Watch this one minute video to learn how:
<https://youtu.be/XVq1tcHXsyA>

Step #2: Once you have updated the information in your Member Profile and allowed 60 minutes to complete the update, go to app.forewarn.com/setuppasword and enter your email address. (Be sure to use the same email address that is on file in your Member Profile as it will serve as your FOREWARN 'Username'). Click the **Submit** button.

You will receive an activation email from FOREWARN. Open it and click the link as instructed. The link will take you to a page where you will enter the last 4 digits of your cell phone number. A confirmation code will be immediately texted to your cell phone. Enter the code. Upon confirmation you will be prompted to create a password.

After activating your account, you can log into your FOREWARN account using computer's browser: <https://app.forewarn.com/>. Or, download the FOREWARN app onto your mobile device. (For Apple devices go to the App Store and for Androids go to Play Store.)

Note: If you do not receive an activation email from FOREWARN, be sure to check your junk/spam folder.
