### WHAT IS KIDOKINETICS?

Kidokinetics makes sports and physical education accessible, welcoming, and fun! It is a mobile all-around sports and fitness program for kids of all ages, offering local classes and camps in your neighborhood.

Our curriculum is designed to empower kids from 6 months - 12 years old to learn the basics of over 20 different sports.

We bring the equipment, the coach, and the curriculum with a new sport each week.
