Dear K-8 Parents,

I wanted to share information with you about an online art gallery that I use to upload student artwork which is www.artsonia.com. For returning students that have already set up an account, you did not need to do anything except keep enjoying! For NEW students this year in K-8, I will be entering parent email addresses for Artsonia to send you an email with instructions on how to set up your student account. This is a great way for you to see your children's amazing artwork throughout the year. You can also connect other family members to the account by adding their email addresses. Anyone can download the app on a smart phone for free! There is a gift shop where you can buy unique items with artwork printed on it which is great for any holiday or special occasion! If you have any questions about setting up your account please let me know. Thanks for all of your support!
