Come Play with us the Sound to Sea way!

Road Scholar Intergenerational Programs offered at Trinity Center

Have you ever seen our posts on Facebook or in this publication about our Sound to Sea Environmental Education Program? Have you ever wondered how you could experience this fun, hands-on learning for yourself... perhaps even with your grandchildren? This year Trinity Center will host two Intergenerational Programs with a Sound to Sea theme. You will have the opportunity to fish in the sound, learn about sea turtles, and even dissect a squid! You will also go on fun outings to the aquarium and to Cape Lookout National Seashore to climb the lighthouse or simply take a rest in its shade. We are offering two dates of this program, June 17-22 and July 1-6. The July program includes a cookout picnic in our Pavilion and a trip to the Atlantic Beach Circle to see the fireworks on the 4<sup>th</sup> of July. To register for either of these programs go to [roadscholar.org](https://www.roadscholar.org) and search for Trinity Center.
