

Your First Step Towards Homeownership!

Join Housing Trust Silicon Valley at the Santa Teresa Branch Library for a free homeownership presentation about the new Empower Homebuyers SCC program!

Learn more about this new down payment assistance program and how it can help you become a first-time homebuyer in Santa Clara County. This program is funded by the 2016 Measure A Affordable Housing Bond and provides down payment assistance loans to first-time homebuyers up to 17% of the purchase price. The program is available for households who have low to moderate incomes.

Information about other housing assistance programs will also be available. A mini Homebuyer Fair following the presentation will provide additional housing, lending, and real estate resources.

More information about this program is available at housingtrustsv.org/empower.
