

OBSERVER CORPS REPORT

City of South Daytona
Reported by Olga Hernandez

March 19, 2026

The city is celebrating its 75th anniversary with a time capsule being interred at the renovated centennial park.

Flood mitigation work continues throughout the city of over 4,900 residences. The Public Works Dept has been busy with new ponds being dug, pump stations being updated, pipes being repaired and swales shored up.

The Reed Canal park will have a pre-historic theme with dinosaurs etc. being installed. This work is funded by an ECHO grant. The installation has begun.

More trees and lighting are being considered for the route one corridor as part of the area beautification of its main thoroughfare.

The city passed an ordinance to comply with state law to fingerprint and do background checks to all employees.

Did you know Florida has 411 municipalities within its 67 counties?
