October 2026

The Observer Corp held a meeting on October 22 at Houlihan's. In attendance were Val Bruneel (DeBary Council), Amy Legare (Port Orange), Linda Mojer (Edgewater), Pam Breault (Ormond Beach), Deb Atkian (Ponce Inlet), Ann Newson (Deltona) and Cindy Wakeland (Daytona Beach).

A review of specifications for Observer report format was discussed. Consistent font, letter size, and date format were reviewed.

Discussion centered on benefits and insights from attending governmental meetings. Most of the Observers are in their first year and their impressions and observations were enlightening. Everyone agreed that their understanding of local government operations has been enhanced and they gained insight into how and why local government operates the way it does.
