

OBSERVER CORPS REPORT
DeLand City Commission Meeting
Reported by Mara Whitridge

A few years ago, the Deocon company wanted to buy the property at 130 W. New York Ave. The proposal of what they wanted to do with the property was denied and they sued the city and won.

The planning and zoning board denied their application as did the city council. It was a procedural error that was corrected.

Also, during a previous meeting the property across the street from City Hall broke ground for the apartment complex that will be built on it. At the Neighborhood Center we'll have access to some of the apartments in the low-income complex.
