-----

*For the vigil, the whole of the cathedral space was used. There were places for reflection and for symbolic actions. Lighting Bethlehem beeswax candles at the icon\* of the weeping Madonna who ‘breaks down walls’; a tree for placing messages to the people of Bethlehem; a cairn of solidarity. A film featuring Zhourgi, Al-Rowad and Daoud Nassar of Tent of Nations was shown every 20 minutes in the Chapter House. An exhibition of photographs of the city alongside excerpts from ‘Cry for Hope’ leading to the exit where people were invited to sign the Cry for Hope letter and given details of how to sign the online petition. Two-thirds of the 100 visitors (63) signed the letter. The combination of symbol, art, music and word was very powerful. It might serve as a template for other cathedrals/churches to use.*

*\*The Bethlehem School of Iconography spent two 3-month periods in Lichfield between 2017-19 making icons which hang in the nave of the cathedral.*
