Organizational

Associate – Any firms engaged in supplying goods, services, and information that are used by the industry in the development or production of precast and prestressed concrete products.

Supporting Organization – Any firms that do not meet the eligibility requirements and/or qualifications of an Associate Member.

Individual

Professional – Any person who is a registered architect or engineer, or any person who is deemed by the Board of Directors to have abilities or credentials equal to or above the registration qualifications.

Associate Professional – A person who has a degree in architecture, engineering, construction management, or other field directly related to the design, fabrication, erection, and performance of precast concrete structures, and is not eligible for Professional Membership.

Student – Any person who is enrolled in any recognized institution of higher learning. There is no cost to be a Student Member.
