

PPE Proposal

Prepared by
Edward Spann (President)

Submitted
April 6, 2020

Background

ELS Dynamic Consulting, LLC, is a boutique business relationship consultancy which specializes in providing medical sustainability and biodegradable solutions through project management, international procurement and sourcing for organizations, companies and municipalities.

The current global pandemic has made the need for medical supplies imperative to treat patients and provide the support to our responders. ELS Dynamic has an array of sourcing relationships throughout the international landscape to support the efforts of the medical pandemic. We are currently offering **KN95, N95** masks and diverse PPE supplies for medical professionals and organizations.

Please review our pricing and specifications below
