

Note that, per the specifications, the ACAA will only accept DBE firms certified by PAUCP. Also note that this project has a Project Stabilization Agreement, which every firm working on the site must sign, thereby making them signatory to the applicable Union for this project only.

We are soliciting participation for the following Subcontractors/Services:

1. Trucking
2. Roll-off Dumpsters
3. Excavation
4. Deep Foundations & Earth Retention
5. Rebar Installation
6. Caulking

We are soliciting participation for the following Material Suppliers/Manufacturers:

1. Aggregates
2. Ready-mix Concrete
3. Concrete Formwork
4. Concrete Accessories, Chemicals, etc.
5. Miscellaneous Metals/Steel
6. Waterproofing
7. Rigid Insulation & Geofoam Insulation

We are requesting that you pass this information along to any applicable members of your organization. If interested, please have them contact us at estimating@burhchick.com. This is the preferred method of contact simply due to the size of this project. But, if that doesn't work for them, they are welcome to call me in our office at 412-369-9700.

Our bid is due to the ACAA on Wednesday 5/12/21.

Due to the size of this project, we are requesting bids from your members by end of day on Monday 5/10/21 in order to allow time for evaluation.

Thank you in advance for your assistance in this solicitation.

Sincerely,

Joe S.
