*We're building more than  
infrastructure; we're building  
opportunities. Kiewit believes  
in partnering and investing in  
the local, small, and diverse  
businesses in the communities  
where we work and live.*

Kiewit Infrastructure Co. (KIC) is preparing to respond to the Request for Proposals to provide At-Risk Construction Manager (CM) services for Preconstruction and Construction of the New Jersey Wind Port Project. In support of the objectives of the New Jersey Economic Development Authority (NJEDA), we are committed to engaging the local community by providing access to information and potential opportunities.

We are pleased to invite you to a project information session to meet the KIC team and learn about procurement opportunities anticipated upon project award. Firms certified as Small Business Enterprises (SBEs), Minority, Women, Veteran Business Enterprises (MWVBEs), or Disabled Veterans' Business Enterprises (DVBES) by the State of New Jersey (or eligible for certification) are highly encouraged to attend.
