### The Pennsylvania DUI Association's 42<sup>nd</sup> Annual Meeting

The PA DUI Association's Annual Meeting Planning Committee is proud to present registration materials for the meeting to be held at the Lancaster Marriott on October 27 & 28, 2021. As a diverse organization representing the many aspects of impaired driving our intent is to provide a comprehensive agenda to assist professionals in their everyday work as we all aim to reduce incident of impaired driving on our roadways. You will note the theme this year "Expect the Unexpected" ties in with the challenges of the last year. To assure quality in the program we deliver, with positive feedback from the 2020 Annual Meeting and commitment to safety, the planning committee chose to keep the training sessions in groups this year. No onsite/walk-in registrations will be accommodated, we will only be able to serve pre-registered attendees.

We will provide focused professional tracks. Each registrant will have the opportunity to choose one "professional track" from the three choices. The professional tracks are: Alcohol Highway Safety Program, Drug Recognition Experts recertification and Law Enforcement. We respectfully request participants remain within that same "track" for the duration of the two days. When registering please indicate which training "track" is appropriate for your professional needs.

This year's event will provide participants with 10 hours of credited training hours for Alcohol Highway Safety School and 10 hours for DRE recertification.

### Schedule of Events

Please use the chart in this brochure to gain perspective of the schedule and planned professional sessions. Each Track will be limited in the event guidelines for social distancing change. We are prepared for the unexpected.
