

INTRODUCING PAGE ENGAGE! INDUCTION

A PAGE PROFESSIONAL LEARNING EXPERIENCE

The Professional Association of Georgia Educators introduces PAGE Engage! Induction – a professional learning experience that offers first through third year teachers the opportunity to hone their craft in the classroom. PAGE Engage! Induction will provide teachers the skills to become more effective in their work, as they examine equitable practices for their students. They will improve their ability to design interesting lessons while gaining an overall understanding of what is possible under their leadership.

PAGE welcomes all Georgia K-12 early career teachers who aspire to improve their skills in the area of classroom culture and management. This experience will help teachers develop the confidence needed to offer students interesting, challenging work that they enjoy.
