

## UCSF RADIATION ONCOLOGY FACULTY RETREAT

**Location:** Millberry Union, City Lights & Golden Gate Rooms, Parnassus Campus

**Date:** Friday, November 14<sup>th</sup>, 2022

**Time:** 8:30AM-5:30PM

Time:	Speaker:	Title of Talk:
8:30am-8:50am	Breakfast	N/A
8:50am-9:00am	Drs. Catherine Park, Steve Braunstein, and Katelyn Hasse	Morning Opening Remarks
9:00am-10:00am	Dr. Carmen Kilpatrick, MD UCSF Department of Behavioral Sciences and Psychiatry  Dr. Tammy Duong, MD Vice Chair for Medical Education UCSF Department of Psychiatry and Behavioral Sciences	Making Every Minute Count in Clinical Teaching
10:00am-10:10am	Break	
10:10am-11:00am	Dr. Tammy Duong Vice Chair for Medical Education UCSF Department of Psychiatry and Behavioral Sciences	In-the-moment Feedback
11:00am-11:10am	Break	
11:10am-12:00pm	Dr. Tammy Duong Vice Chair for Medical Education UCSF Department of Psychiatry and Behavioral Sciences	In-the-moment Feedback [continued]

Time:	Speaker:	Title of Talk:
12:00pm-12:50pm	Lunch	
12:50pm-1:00pm	Drs. Mary Helen Barcellos-Hoff and Ke Sheng	Afternoon Opening Remarks
1:00pm-1:20pm	Dr. Mekhail Anwar, MD, PhD Professor in Residence	Making Personalized Dosimetry A Reality with Wearable, Networked, Chip-Scale, Single Gamma Photon Sensors
1:20pm-1:40pm	Dr. Mary Helen Barcellos-Hoff, PhD Professor and Vice Chair of Radiobiology	A Tumor Agnostic Theranostic
1:40pm-2:00pm	Dr. Qihui Lyu, PhD Assistant Professor in Residence	Intraoperative Boron Neutron Capture Therapy Using Miniaturized Neutron Source for Glioblastoma
2:00pm-2:30pm	Coffee and Round Table Discussions	<i>Which patients have unmet needs that RPT can benefit?</i>  <i>Which patients have unmet needs that protons can benefit?</i>
2:30pm-2:50pm	Dr. Ke Sheng, PhD, DABR, FAAPM Professor and Vice Chair of Physics	Hypoxia Proton Therapy
2:50pm-3:10pm	Dr. Lauren Boreta, MD Assistant Professor	Conformal Treatment of Leptomeningeal Carcinomatosis
3:10pm-3:30pm	Dr. Michael Evans, PhD Professor in Residence UCSF Department of Radiology and Biomedical Imaging	Chemical Strategies to Expand the Therapeutic Window for Radiopharmaceutical Therapies
3:30pm-4:30pm	Bryan P. Bednarz, PhD Professor, Medical Physics and Human Oncology University of Wisconsin—Madison	Radiopharmaceutical Therapy Dosimetry and the Problem of Scale
4:30pm-5:30pm	Reception
