

Nationally Ranked. Locally Trusted.

Healthy Kids Need Healthy Smiles

Denver Health School Oral Health Program

Services we offer:

- Dental screenings and cleanings
- Dental x-rays
- Dental sealants
- Fluoride treatments
- Oral cancer screenings
- Education on how to develop and maintain healthy teeth

OPEN DURING SUMMER!

Denver Public School students can receive free preventative oral health services at one of the regional School-Based Health Centers. The dental staff rotates between School-Based Health Centers every two months. To learn more about which clinic is offering oral health services, visit our website. To maintain optimal health, the American Dental Association® (ADA) recommends regular dental visits every six months.

To schedule an appointment call 303-602-8961
