In addition to all the information you will find on the Testing Department web page, please review tips for success provided below:

Tips for a successful testing session

- Be prepared
- Be well rested
- Eat a good, healthy breakfast
- Arrive ON time
- Bring two #2 sharpened pencils with a good eraser
- Headphones – If your student is taking the 9th/10th FSA Reading, please provide headphones/earbuds
- **Please** DO NOT schedule appointments during a testing session. If your student is checked out during a testing session, the test will be invalidated.

Thank you for your continued support. Have a great rest of the school year!
