Challah Back Girls is an initiative founded by four sisters—Sara, Marni, Hannah, & Eliana—to combine their passion for baking and voice for change. Each month, they fundraise for a different social justice organization working to end racism, build equity, and deepen our capacity to humanize and strengthen one another. Learn more about the girls at www.challahbackgirls.com. If you can't join us, we'll definitely miss you but hope you will rise to the occasion and donate to the Challah Back Girls directly.
