**DSRIP Independent Evaluator PPS Partner Surveys Begin September 6<sup>th</sup>**

Beginning on September 6<sup>th</sup>, the Independent Evaluator of the NYS DSRIP program will launch its second cycle survey to PPS partners engaged in DSRIP-related projects. The survey includes questions about partners' perceptions of DSRIP and how DSRIP has affected organizations and patients. Last year's PPS partner survey focused on DSRIP implementation and operation through the Fall of 2017, while this year's survey will solicit responses on all progress to date.

**On September 6<sup>th</sup>, engaged PPS partners will be sent a link to an online survey from [mlbreen@uasurveys.albany.edu](mailto:mlbreen@uasurveys.albany.edu).** NQP just wanted to make sure that our partners were aware that they may receive a survey sometime soon.
