What We Need From You

About Us

Our mission is to create leaders through enrichment programs, as we consistently instill leadership modules into our programming schedule. We are avid believers in the core values and formulas that are proven to allow success for your child as we instill leadership: character, hard work, sportsmanship, accountability, commitment, compassion, citizenship and resourcefulness.

GLOBAL YOUTH TOURS

Global Youth Tours has been providing programs for domestic and international students for nearly a decade. Our leadership team and support staff are dedicated to creating exceptional experiences for our students which include a wide variety program options. Attention to detail and a focus on safety is a company priority. Working with a locally owned business provides for easy access to us whenever needed. Our leadership team prides itself on accessibility and quick response to all inquiries.

Our signature tours include:

- sports programs focused around basketball, volleyball and soccer
- Partnership with EF Tours to provide complementary academic and culture programming

We're able to create unique tours and programs to fit the needs, requirements and desires of clients no matter where they are in the world.

We typically focus on students age 10-18, and are able to make appropriate accommodations for cultural or religious group norms and requirements.

PETER EZUGWU, CEO

Peter's vision, sense of community and extensive worldly experience has enabled him to help create a company whose mission is to offer community products and services that enhance the life experiences of our youth. Peter's mother and father, who both practiced medicine, served as important role models for him; their hard work, dedication and refusal to fail, guaranteed that Peter was educated in the top private schools in England.

Peter played college basketball at Eastern Michigan University, where he was an academic standout who enjoyed all conference academic honors. Upon graduation, he turned down entrance to law school and chose to pursue a professional basketball career in Europe, where Peter played for 13 years. Peter enjoyed a wonderful career that took him all around the world. Peter speaks five languages and has a diverse background that brings a depth and perspective to USA Youth Tours which is essential in ensuring the uniqueness of our organization.

What We Need

Faculty Advocacy & Chaperone

We are looking to identify one faculty member per campus who will provide support with program information and enrollments.

This team member will be compensated based upon the number of students enrolled, and will be provided travel to and from Italy, room and board while onsite, and entrance to any sites on the tour.

During the tour, they will act as a chaperone, in addition to the local staff from Global Youth Tours that will be onsite during the program while in Bologna.

Your Best Partner

Experience and Expertise

Global Youth Tours and their staff have the knowledge, expertise and global partnerships to design and deliver unique experiences for youth around sports.

Whether bringing students to Europe, introducing exchange students from China into the US, or even creating domestic travel opportunities – our team of project managers, program specialists and community contacts are unparalleled.

We look forward to providing you and your students with an experience that will continue to differentiate Great Hearts Academy from their competition.
