

BUTTERFLIES ON PARADE APRIL 1st!

The butterfly has long been a symbol of resurrection for Christians. Its three stages of life - caterpillar, chrysalis (cocoon) and butterfly - are symbolic of the life, death and resurrection of Jesus!

Because of its beautiful symbolism, the children of St. Mark's will make Easter Butterflies during Sunday school, and lead the congregation in celebrating Jesus' resurrection by participating in a Butterfly Parade during the opening moments of the 11:00 a.m. Easter Sunday service.

ALL CHILDREN will line up with their butterflies in hand Workshop Rotation Hallway at 10:50 a.m. to process into the Worship Center during the Opening Voluntary. After the parade, children may be seated with their parents, or, if they have already attended worship, depart the sanctuary and meet their parents in the Narthex.

Please plan for your child to participate in this special celebration of Jesus' resurrection!
