

PODS Association FALL USER-CONFERENCE, HOUSTON
September 30 and October 1

20 Years – A Celebration of PODS Standards and Industry Collaboration

Call for Presentations

PODS Association's ANNUAL FALL Conference includes a half-day of training workshops on September 30th, and a full day of program sessions on October 1st.

PODS Association is seeking presenters who can share experiences in PODS implementations, including PODS Legacy (PODS 6.0 and prior) and PODS Lite and PODS 7.0. **Consider:**

- PODS—meeting the increasing enterprise-wide demands
- AI and Machine Learning
- Adopting a Cloud or Hybrid Cloud Environment
- Field Collection of Data
- PODS Data Analysis: Risk, Financial, Reporting
- Elevating PODS outside of GIS, IT and Integrity Engineering—improving understanding at the “C” Level
- Data Governance
- PODS 7 Module Design: Initiating a module design—status and process
- Data Migration Lessons Learned

Submission:

Provide the Title of the Presentation, your name, job title, and company. Include a description of the session and the presenters.

DEADLINE FOR SUBMISSION: June 28

The PODS Annual User Conference is an annual gathering of users to share knowledge, understanding and best practices in the critical area of Pipeline Data Management.
