

Hurt to Hope

Opioioid Crisis FENTANYL PRESCRIPTIONS

Hurt to Hope is a new program starting Fall 2018 for Pike County teenagers whose families have been affected by the opioioid crisis. The program seeks to meet basic needs, provide a safe place to hang out, teach life skills, introduce hobbies, and foster positive relationships with adults and other kids.

Hurt to Hope is centered at the Pike County YMCA but is supported by people in the community. We need adult volunteers willing to work with teenagers in a variety of different ways. If you are interested in using your time and talents to serve some kids in need, fill out the information below and return this to the front desk at the Pike County YMCA or e-mail it to kconley@pikecountyyymca.org.

YES! I would love to help.

Name _____

Address _____

Phone Number _____ E-mail _____
