

Adena Pike Bone & Joint Center Open House

THURSDAY,
JUNE 7

Muscle, ligament and bone disorders are the second most common reason people visit the doctor. The good news is that many injuries can be treated without surgery, and for the team of orthopedic specialists at Adena Pike Bone & Joint Center, that's the goal.

Join us for a meet-and-greet and tour our newly renovated location. Get to know your local caregivers and providers at Adena Pike Bone & Joint, see a live demonstration of our new ClearEdge concussion technology, and schedule an appointment. Refreshments will be provided.

Time: 4 - 6 p.m.

Location:

100 Dawn Lane
Waverly, OH 45690

For more information call Adena Pike
Medical Center at 740-947-2186.
