LOCAL ARTIST RELEASES DEBUT ALBUM

PORTSMOUTH, OH, April 11, 2018– Elizabeth Scott has released her first album "Epiphany," a collection of original music.

"Every song is a story that needed to be told," Scott said of the 8 tracks on her first album. "The writing process was totally organic -- the lyrics and music came together in odd places and strange times.

"These songs are events I think many will recognize from their own lives," Scott said.

From the heartfelt "Huckleberry" to "Running on Empty," a song that will touch everyone who has given so much they have nothing left, Scott's stirring melodies reflect an honesty born of experience and nurtured with faith and an acoustic guitar.

"I sang my first solo in second grade and even though I'm still nervous performing in front of a crowd, I believe so much in the power of music to connect and heal people that my faith keeps me going," Scott said.

Scott will be celebrating the release of her CD with a live performance Thursday, April 12, 7:00 p.m. at Little Rock Bar in Columbus, Ohio.
