

RAP Skilled Trades Fair

Connect with the new talent entering the work force.

Showcase your company and show your support for the community.

For more information, please contact **Scott Northfield** at snorthfield@nextgen.org or at 780.930.2510

Calling ALL Employers!

Connect with Local Youth!

CAREERS will be hosting two events in February to continue to promote trades in Alberta as excellent career path options for youth to explore. We need employers to engage motivated students interested in participating in the Registered Apprenticeship Program (RAP). This is a great opportunity for you to connect with the new talent coming into the work force, their parents and supporters while showcasing your company and support for your community.

Connect with local youth and participate in these events by:

- Attending with booth set ups, providing information for youth about your trade and company, possible demos about your trade (tools required, safety equipment, visuals, etc.) and have your staff attending connect with students and parents to answers questions.
- February 21st , Jasper Place High School
- February 27th , St. Joseph High School

CAREERS will promote these events through all Edmonton and area High Schools.

Register early as space is limited!
Please see the back for registration details.
