

Dear MCA Members,

We listened and have changed things up. The 2017 MCA – AGM will not be held at our provincial conference but rather at a special half day event that will be chalked full of information and entertainment. The event is sponsored by a few of our very loyal associate members, thank you to Aon, and BenefitLink, and the UA 488, and B.A. Robinson, and Marking Service Canada Ltd., and Canplas Industries Ltd. This event is no cost to you, our contractor members (other than getting yourselves there).

There will be updates on all of MCA's major programs, food, entertainment, recognition of high achiever apprentices, drinks, entertainment, the election of a new or nearly new board of directors and more entertainment. It really will be **the most fun you can have at an AGM.**

We have designed the program to accommodate Calgary members for a day out of the office and Edmonton members for half day. The program starts at noon and will be wrapped up by 5:00pm.

This will be a great opportunity to discover all of the great work your association does on your behalf and, equally important, an opportunity to provide input into what your association can and should do on behalf of your business and your industry.

Updates will include:

- |                                      |                                               |
