

Normandy Park Elementary School

We are the World

Normandy Park School's year-long theme, "*We are the World*" was celebrated throughout the school year through the study of nations near and far.

Each class adopted a country to study through music, virtual field trips, and research. The music and art of various nations were celebrated in the winter concert and art show, and the year-long project culminated in a vibrant International Day.

Families joined students to travel among the nations across the Normandy Park globe. Upon arriving in each new nation, travelers learned about the music, dance, and stories that make each nation unique.

International Day ended with a school-wide assembly that featured MHS Irish dancers, a Bulgarian dancer/bagpiper, and a Senegalese parent who shared a song about peace as her son played native drums.

Thank you to the M.E.F. for their generous support!
