

Wisconsin

Airport Operations & Land Use Seminar

October 24th and 25th 2018

Holiday Inn & Convention Center

Stevens Point, WI

Learn valuable information about managing Wisconsin airports.

The Wisconsin Airport Operations & Land Use Seminar provides airport managers with the information and tools they need to take on the day's most relevant and timely challenges. We invite all airport managers, airport owners, airport committee members, city administrators, and anyone else who has a hand in managing an airport to attend.

Topics Include:

- Leasing, Minimum Standards, and Airport Rules and Regulations
- Non-Aeronautical Development on Airports
- NOTAM Manager
- Economic Impact Studies
- Airport Layout Plans
- FAA Safety Team
- Ordinance Enforcement
- Stormwater Ponds near Airports
- FAA Flight Procedures
- Airport Safety Data Program
- Aviation Education
- And More!
