

ZOLL POWERHEART G5 Defibrillators

[ZOLL](#) Powerheart G5 offers two versions of its AED. Semi automatic and Fully automatic units. Most customers prefer the semi automatic. Both offer CPR feedback. The only difference is the semi automatic user needs to push the shock button.

[Demo](#)

[ZOLL Powerheart G5](#)- *With 354 joules of high energy and a synchronized shock, the G5 is the most powerful AED today, designed to give the best shock the first time.*

Whether you are an experienced rescuer or a first-time responder, you will appreciate how the Powerheart G5 AED combines ease of use, reliability, and advanced technologies to help victims survive sudden cardiac arrest. The Powerheart G5 AED with Intellisense CPR provides real-time, Guideline-driven feedback to ensure delivery of high-quality compressions. One-button dual-language functionality and daily self-tests give rescuers the confidence to act.
