

## HopeBUILDERS Outdoor Projects: help an older and/or disabled homeowner

These smaller projects can be completed by 2-3 people in a few hours with basic home repair skills. Project planning and materials provided.

Contact Greg Wayne for more information: [glw@hopebuilders-kc.org](mailto:glw@hopebuilders-kc.org)

Power wash then paint a landing and ramp (ramp not built by HopeBUILDERS but we did replace some wood in July)

Raytown  
Homeowner paralyzed from a car accident  
ED\_rymo

Minor gutter/facia/soffit repair

Raytown  
Homeowner age 72; late husband is an Army veteran  
LW\_rymo

Replace front door (36" RH) and back door (32" LH). Storm doors should be re-usable. (New steps by Mike Pacey, Aug 2020)

KCK (11<sup>th</sup> & Parallel)  
Homeowner age 65; late husband is an Army veteran  
VM\_kck

Repair front storm door - special size (34") so replacement not practical. Install new lock set and add plexiglass panels to upper and lower sections.

KCMO (55<sup>th</sup> & Swope)  
Homeowner has cerebral palsy and a 13 year old in the home  
SW1\_kcmo

~~Rebuild Landing & Steps~~

*Project adopted by Mike Pacey – thank you!*

~~KCMO (71 & Gregory)  
Homeowner has had open heart surgery and has arthritis  
CG1\_keme~~

Kitchen door leads to backyard on second floor without steps: seal and caulk closed; cover exposed sill board under door. Repair gutter over front door. Downspout in back needs to be secured; keeps falling off.

KCK (18<sup>th</sup> & State)  
Homeowner age 63; cancer survivor with chronic health issues  
CG1\_kck

Secure front porch railing; some facia needs repaired or replaced; two deck boards need replaced; remove back fence

KCK (51<sup>st</sup> & Parallel)  
Homeowner age 86; home is well cared for, just needs a bit of TLC  
BJH\_kck
