

SPS WINTER 2024 VIRTUAL LEARNING SERIES

EVENT PROGRAM

The [SPS Winter Virtual Learning Series](#), "Safety Evolution: Elevating Our Collective Approach to Safety", will take place over four, two-hour sessions between Nov. 2024 and Feb. 2025.

SERIES OBJECTIVES

- Formulate next steps to promote innovative and proactive improvement methods as we evolve our collective approach to safety
- Review 2025-2030 strategy updates, goals, and opportunities to participate in network activities to achieve breakthrough performance in pediatric safety
- Learn from the experiences of regional peers, explore results of regional collaboration, and translate regional learnings into action

HOW IT WORKS

All SPS member hospitals are welcome to attend. Individual session topics, objectives, and target audience details can be found on page two. We encourage participants to [register for the series](#) and mark their calendars for sessions that are relevant to them. SPS project managers and quality leaders should facilitate the sharing of registration information with target audience members on their team.
