1-10DPS75 Self Propelled Shot Blaster

This versatile, self-propelled 10” shot blasting unit improves your productivity as it generates a more even and consistent blast pattern and surface profile when prepping for coatings and overlays or when removing line striping and markings. Perfect for industrial floors, warehouses, factories, roads and bridges, and supermarkets, the Blastrac 1-10DPS75 is an environmentally sound choice for any surface preparation professional.

**Key Points**
- Shot pattern reducers available in 5” and 6”
- Simple and easy to use controls allow the operator to better monitor productivity of the shot blasting process.
- Highly versatile and appropriate for medium to large job sites
