

CANCELLATION/REFUND POLICY

LPGA Amateur Golf Association San Diego Chapter understands that things come up that prevent you from attending an event that you registered for and for which you may have prepaid. Frequently, we are required to commit to a specific attendance number when finalizing an event and may be required to pay for that number of expected attendees. Therefore, our Chapter Board has adopted the following cancellation/refund policy that we ask our members to abide by.

Cancellations Initiated by Event Captain

Any event cancellation initiated by the event captain (due to lack of participation, weather, etc.) shall be fully refundable to any prepaid registrants. If you prepaid using PayPal, your refund will be processed through PayPal and you will receive a credit on the card you used to pay for the event. If you mailed in a check and it has not been deposited, it will be returned. If it has been deposited, you will be mailed a refund from the Chapter.

Cancellations Prior to Event Registration Closure

Should you need to cancel attendance at an event before registration has closed, please notify the event captain promptly and request a refund of any prepayment in the manner discussed above.

Cancellations/No Shows After Event Registration Closure

Should you need to cancel your participation at an event after registration has closed, we prefer that you try to find a replacement and arrange payment reimbursement between yourself and your replacement. Please notify the event captain that you won't be able to attend and provide your replacement's name. There will be no refund if we are required to pay for you and you do not find a substitute. If we are not charged for you, a refund will be made via the payment service you utilized less any administrative fees that the Chapter pays as a result of your registration. If you intended to pay by check and we are charged for you, you are obligated to reimburse the Chapter your full registration fee prior to registering for any future events.

Thank you for your cooperation.
