Important Update: Campus Switching from Moodle to Canvas

Attention Students,

To provide you with a more modern, reliable, and user-friendly learning experience, our institution is officially transitioning from Moodle to Canvas as our Learning Management System (LMS) for the Fall 2026 Semester and beyond.

Key Things You Need to Know

- **Login Stays the Same:** You will access Canvas using your existing RSC credentials (the same username and password you use for email and Moodle). - Locate the Canvas Card on RSC Passport or visit https://sage.instructure.com/login/saml. Enter your credentials and authenticate with Microsoft Authenticator.

- **Download the App**: Canvas has a highly-rated, robust mobile app. Login to Canvas and navigate to What is the Canvas App?

- **LMS Support**: Sage Online will continue to be available to you via email or phone during business hours to support your Canvas needs. You can also create a ticket using the "Help" icon on the bottom-left corner of your Canvas dashboard after you log in.

- **Past Coursework:** Past Moodle coursework will remain available until the academic year expires or your Instructor makes the course unavailable. If you need to save syllabi, assignments, or feedback from your past courses, please do so on a regular basis.

Getting Help & Training

Don't worry - you won't have to figure it out alone! Resources are available to help you get comfortable with the new platform:

- View a First Look at RSC Canvas from Sage Online
- Canvas Student Guide: Canvas FAQ Page and Video.
- How do I use Canvas?: Try out a Sample Course (click enroll me)
