

**TO: Families of infants and toddlers**

**WHAT: Recruiting parents and children to help with pediatric physical therapy (PT) labs at Russell Sage College for Baby/Child lab**

Come help students in the Doctor of Physical Therapy program at Russell Sage College learn how to work with children!

**We are looking for babies and toddlers to come to PT labs at Russell Sage College for students to observe child development.** PT students are supervised by a faculty member with experience in pediatric PT. Parents, caregivers, siblings, or community therapists are welcome to attend also. This is a fun lab experience that families, students, and faculty always enjoy!

Dates and times that we need children are below. Ideally, you will be able to come for approximately one hour. If you are able to bring your child for more than one session in the week, we would be pleased to have you! We have a pediatric lab space that is bright and engaging with lots of fun, child-friendly toys. **Russell Sage pays \$35 each session that you are able to come, and will provide you with a parking pass.**

Dates for infants and children in labs:

**Tuesday, September 22, 2026 - 3:00 to 4:00**

**Wednesday, September 23, 2026 - 9:00 to 10:00**

**Thursday, September 24, 2026 - 10:00 to 11:00**

To sign up or if you have questions, please contact Russell Sage PT at the email/phone numbers below:

Cathron Donaldson (pediatric PT faculty): email - [donalc@sage.edu](mailto:donalc@sage.edu)

Liz Heller (PT admin): phone- (518) 244-2059

**Thank you so much for your consideration and help with educating and influencing the next generation of pediatric therapists in the Capital Region!**
