

International Week Dinner/Festival

Wednesday, March 29th, 2017 between 5:30 p.m. and 7:30 p.m.

North Street School Gymnasium

Whether you're American, Irish or Italian, whether your ancestors are Chinese or Cherokee, your family has an interesting heritage to share!! This is a great opportunity to showcase your family's background and to show others in our community how many cultures are represented at North Street School.

The success of our International Week Dinner truly relies on the efforts and participation of our families. Join us and sample delicious cuisine from around the world. **Each family should bring an international appetizer or main dish (for 10 people) that represents its heritage or culture (or any culture you may want to represent!) as admission to the festivities.** There will be an allergy awareness table, and drinks and desserts, including an allergy friendly dessert, will be provided.

Activities will include:

- Music by our own DJ Dad
- Activities, including Japanese calligraphy, for students in the Dragon's Café
- The Children's International Costume Parade – children may come dressed in clothing or a costume depicting his or her country or culture
- An Irish dancing demonstration featuring members and friends of the NSS student body

While enjoying the festivities, please take a moment to stroll our Front Hallway to look at the display of the World Traveler Cards designed by our own NSS students as part of our NSS International Week Activities! See where of all our NSS travelers have gone and view the sights they've "seen" and drawn!

Our charity of choice for this event will be
The Children's Glaucoma Foundation – fighting childhood blindness around the world. Bracelets and material promoting awareness will be available each morning at NSS entrances during International Week and at the International Week Dinner.
Your support for this cause is greatly appreciated!
