

Dog Day @ Grace Brings Community Together

We were grateful to welcome representatives from Orange County Animal Services, Central Bark Durham, and Barnes Supply Co., who shared information about their services and provided a variety of free goodies, including pet treats, toys, bandanas, activity books, tote bags, and helpful resources for pet owners. Grace also hosted an information table featuring upcoming church events and opportunities to get involved.

One of the highlights of the morning was the chance for both people and their pups to cool off with LocoPops—a fun (and delicious!) treat that was a hit with visitors of all ages. Guests also had the chance to meet Gladys, an incredibly sweet foster dog from Orange County Animal Services who is currently looking for her forever home.

Thank you to everyone who helped make Dog Day at Grace possible, especially our community partners for sharing their time and resources. It was a wonderful morning of fellowship, community connections, wagging tails, and plenty of smiles. We hope this will become an event we can enjoy again in the future!
