You Can Help Drive Out Hunger in Newport County: Sponsor the Mobile Food Pantry

“My elderly mother (88) has told me about the truckload of food your center has been bringing to her building and its residents during the Coronavirus crisis. I just wanted to express my deepest gratitude for remembering these folks on the fringes of Newport County. I watch over my mom all the time, but it's heartwarming to know that there are others who are also watching and serving them. “

Mobile Food Pantry providing critical service during the Coronavirus pandemic

THE MLK: Founded in 1922 and renamed after Dr. King in 1968, the Dr. Martin Luther King, Jr. Community Center (MLK) is a multi-service provider for at-risk and underserved individuals, families and children in support of its mission to nourish, educate, and support Newport County, Rhode Island residents to improve their economic and social well-being. An independent non-profit, the Center served 3,654 individuals in 2019, the most in its history.

THE PROGRAM: Piloted in 2018, the Mobile Food Pantry (MFP) makes regular visits to low income neighborhoods in Newport, Middletown, Portsmouth, Jamestown, and Tiverton. The refrigerated truck brings the MLK’s pantry to those who cannot visit the Center, often due to lack of transportation. Healthy food is offered, including fresh milk, eggs and produce, bread, frozen meat and household and personal care items. Clients choose foods that meet their personal, dietary, and cultural preferences. The program operates year-round.
