TALKING POINTS:

- ♦ Hello, my name is... and I live in... I am calling to ask Governor Cuomo to sign S3419C into law.
- ♦ This is common-sense, pro-patient legislation which includes basic patient protections to improve the safety and efficacy of health insurer step therapy (fail first) policies.
- ♦ This bill does not prohibit the use of step therapy policies, rather it ensures they are used appropriately through a fair and standardized appeals process.
- ♦ After six years of advocacy and several amendments to address health insurer concerns, the bill strikes the right balance and must become law.
- ♦ Time is of the essence for patients who are fighting a serious disease or illness. I am asking Governor Cuomo to take the final step for New York patients by signing S3419C into law.
