

VBOC Honored for Veteran Business Mentorship

The Veterans Business Outreach Center (VBOC) at CBP was honored with the Northern Virginia Chamber of Commerce Distinguished Service Award for Veteran Business Mentorship. The award was presented in recognition of community stewardship and business leadership at the annual Awards Luncheon on Tuesday, July 18 at the Hilton McLean Tysons Corner.

The Distinguished Service Awards - honoring Veterans, businesses & leaders in Greater Washington - celebrates individuals, companies and non-profit organizations for their service to Veterans in the Greater Washington business community.

Additionally, long-time CBP client Strategy and Management Services (SAMS) was recognized with the Established Veteran Business Award and Blake Willson Group was nominated in the Emerging Veteran Business category.

This is a great honor for the VBOC team (Charles McCaffrey, Patti Senft, Bob Rogers and Kathy Wheeler) and is a testament to their passion, dedication, experience and client/community focus; and reflects the tremendous support they get from the entire CBP staff, their Board of Directors, the Mason Enterprise Center and the Small Business Administration.
