Interactive Bilingual Workshop Series: Session #1

Self-Assessment and New Career Pathways

Wednesday April 21st: 1pm – 3pm

Virtual Doors open 10 minutes before session begins.

**Facilitators: Iliana Caez, Assistant Director, WIOA-Springfield MassHire
Melody Beach, HR Consultant & Licensed Career Coach**

This is the first session in our 3-part **Interactive Workshop Series**, designed for our Latino communities and delivered to job seekers in a Bilingual modality.

- Do you want to stay in the same field or transition to a new one?
- What skills do you have right now that are transferrable to a new **career path**?
- Do you have a plan to achieve your career goals?

We will guide you thru a Self-Assessment process, help you identify your most Marketable Skills, and explore New Career Pathways.

Self-Assessment is an essential first step for the successful job seeker. Knowing Yourself--your core skill set, values and preferences--enables you to set realistic career goals and ultimately land the job you want!

This workshop isn't just a presentation; you will participate in hands-on exercises; we will challenge your mindset. And, you will have a chance to network with other 50+ Job Seekers.

New to the 50+ Program? Registration is Required:
