## ANNOUNCING THE 2019 BUILD PROGRAM

The BIA is proud to announce that we will be bringing back the BUILD Program beginning in 2019. BUILD is designed to expose future industry leaders to all components of the building industry from dirt to sales. The BUILD Candidates go through an arduous referral, interview and selection process and as is evident by the four BUILD Graduates who currently sit on the Board of Directors, this program identifies and assists future industry leaders.

This Program is designed to promote the strengths of the Recruits through educational workshops, leadership projects and industry involvement. Recruits will develop skills in a variety of industry focuses to make them the well-rounded leaders of tomorrow.

Committee/council involvement, event attendance and a community service project will also be required of our BUILD Recruits. An Advisory Panel of established current leaders will provide guidance and support to our Recruits throughout the year. All nominations/applications are due by **November 16, 2018**.
