

MEMO

TO: HealthTran Volunteers
FROM: Melissa VanDyne, Executive Director
Missouri Rural Health Association
DATE: March 17, 2020
RE: **MRHA Announcement: Coronavirus (COVID-19)**

It is the mission of the Missouri Rural Health Association to safeguard and improve the health of rural Missourians. Due to the recent cases in Missouri of COVID-19 we at MRHA are suspending our HealthTran volunteer driver program starting Monday March 23, 2020, until no later than April 15, 2020. At that time, we will reassess the current situation and decide when to resume rides.

Our thoughts and actions are for the safety of our drivers and the patients that we are transporting.

The Missouri Rural Health Association HealthTran staff will continue to work with healthcare providers to search alternative transportation options for their patients.

If you have any questions or concerns, please feel free to reach out to me at melissa@morha.org, or at 573-616-2720.

Sincerely,

A handwritten signature in black ink that reads "Melissa VanDyne". The signature is fluid and cursive, with "Melissa" on the top line and "VanDyne" on the bottom line.

Melissa VanDyne
Executive Director
